

Abbreviation	Description	Products Available with Ion Exchange
Polyelectrolyte	Polyelectrolyte	Water treatment chemicals- Polyelectrolyte
PT	Pre Treatment	Clarification - UHRSCC ,HRSCC, Lamella ,Lampak Filtration –Automatic valveless gravity filter, Activated Carbon Filter, Continuous Sand Filter, Pressure sand filter, Multigrade sand filter,Micronfiltration,Ultrafiltration , Disinfection – Gas Chlorination, Chlogen, Indchlor, Ozonator, UV system
RO/DM/SF/DAIK	Reverse Osmosis/ Demineralisation / Softener/Dealkaliser	Reverse Osmosis/ Demineralisation / Softener/ Dealkaliser
FLOC	Flocculants	Water treatment chemicals - Polyelectrolyte
SI	Scale Inhibitors	Water treatment chemicals - Polyelectrolyte
VR	Viscosity Reducer	Process Chemicals – Sugar & Distillary
BWTC	Boiler Water Treatment Chemicals	Water treatment Chemicals -Boiler Water Treatment Chemicals
Fireside	Fireside Chemicals	Fuel & Fire Side Additives – Combustion catalyst- metallic and non metallic, powder and liquid for liquid and solid fuels including biomass
PWTP	Potable water treatment plant	Drinking Water Treatment System – Disinfection, Clarification, Filtration, , Membrane processes, Ion Exchange Systems and products, Point of Use purifiers
POU	Point Of Use Purifiers	Drinking Water Treatment System –Point Of Use purifiers.
Condensate Treatment	Process Condensate Treatment	Membrane filtration & Separation Systems & Products – Reverse Osmosis
STP	Sewage Treatment Plant	Wastewater treatment system & products - Biological Treatment systems
ETP	Primary Effluent Treatment Plant	Wastewater treatment system & products - Metal Removal, Primary Treatment, Biological treatment system, Tertiary treatment and recycle
Recycle	Water Recycle Plant	Wastewater treatment system & products - Tertiary treatment and recycle System
Resins	Decolorization of Sugar remelt (for mfg. of refined sugar)	Ion exchange system and Products- Ion Exchange process plants (Non – Water)
