ION EXCHANGE SERVICES

The optimum performance and life of your water treatment plant mainly depends upon an efficient, reliable and timely service support.

At Ion Exchange, Asia's largest water & environment solutions provider, we offer entire range of technologies, processes, products and services for every sector - industrial, institutional, municipal and homes, urban and rural.

Our service support covers every aspect of your plant's maintenance and is capable to identify and avert potential problems before they occur.

We tackle exigencies and suggest measures to improve performance of your plant and reduce its maintenance, optimise inventory and eliminate downtime. We also assure the supply of genuine spares & consumables and modification of plant to enhance efficiency and increase capacity. In a nutshell, our service support lays a firm foundation to help you maximise overall production level.

Our specialist expertise coupled with thorough understanding of our customers' processes enables us to provide integrated solutions that address individual requirements - totally.

Our integrated services cover every aspect of your water treatment plant's performance to give you a complete package of benefits.

- Identifying and preventing problems before they occur
- Suggesting measures to enhance efficiency, save on capital costs and reduce operating costs
- Eliminating the expense and hassles of in-house supervision, manpower and maintenance
- Modifying plants to improve efficiency and handle changes in influent quality, capacity and treated quality
- Troubleshooting problems and tackling emergencies to eliminate/minimise downtime
- Genuine spares and quality consumables

- Cement
- Chemical
- Food & Beverage
- Pharmaceutical
- Power
- Pulp & Paper
- Refinery & Petrochemical
- Semi-conductor & Micro-electronics
- Steel
- Sugar
- Textile
- ...and many more

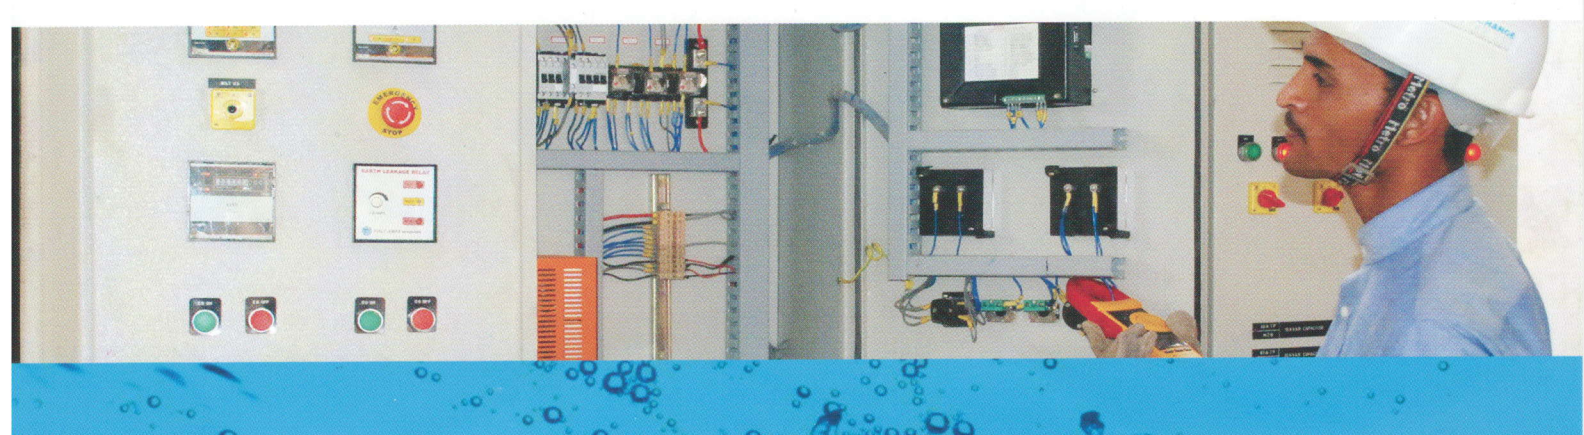

When you outsource to our single window service, you gain:

- Service/O&M contracts
 - Annual maintenance contracts (AMC)
 - Consultancy & surveys
 - On call services
- Water audits
- Equipment modification
 - Automation
 - Upgradation / Retrofit / Modifications
 - Retrofit / Recycling of Sewage & Effluent treatment plants
- Instrumentation & calibration
- RO servicing & monitoring
 - Antiscalants
 - Cleaning & sanitisation chemicals
 - High pressure pump servicing
 - Micron cartridges
 - Membrane cleaning & replacement
- Supply & replacement of **INDION®** ion exchange resins
- **HYDRAMEM®** membranes for:
 - Brackish water treatment
 - Desalination plants
 - Recycling plants
 - Water treatment plants
 - Water purification systems
 - Replacement of Equivalent UF & RO membranes
- Supply of spares
 - Chemical dosing systems
 - Ejectors
 - Laterals & internals
 - Strainers
 - Pump components
 - Valves
- Sale of water (BOO/BOOT)
- Remote Monitoring system
- Erection, commissioning & remote monitoring of water & waste water treatment plants
- BOD/COD analysers
- Energy saver automation for effluent/sewage treatment plants

Institutions & Commercial Complexes

- Defence
- Educational Institutions
- Hospitality
- Hospitals
- IT Parks
- Laboratories
- Offices & Malls

Our service offices are strategically located across India to be within your close reach. So wherever you may be located, you are assured of our services in the shortest time possible. This, along with the

added advantage of a single-point vendor, can satisfy your company's entire water treatment service requirements speedily.
